

TAURAGĖ REGION

Where green energy feeds traditional industry

YOUR BUSINESS LOCATION IN LITHUANIA

“
When moving some of our production to Tauragė our goal was that the Egersund name should become part of the industry in the area for a long time to come. It was its combination of proximity to Klaipėda’s seaport and Palanga airport, the region’s highly qualified talent, and the green energy options available which led us to choose Tauragė as the perfect location for our business.”

*Anders Myklebust
Managing Director, Egersund Net UAB*

KEY POINTS

1

The region offers an established and experienced production base for the key industries of agriculture and food processing.

2

Convenient location and infrastructure: Tauragė offers direct entry to Kaliningrad (Russia), as well as a developed private industrial park which is currently home to a number of international businesses, including companies from Scandinavia and the US.

3

Green energy (biomass, wind power, hydro energy, and solar systems) is produced widely within the region, ensuring reduced heating costs for local businesses.
